C. C. POLLWORTH COMPANY

MILWAUKEE
WISCONSIN

Received from
C.C. Pollworth Co.
SEP 27 1916

THIS price list of Bulbs and Plants comprises nearly all the best and profitable varieties to grow. We have eliminated some — varieties that we found were not desirable — and in looking over this list we feel sure you will be able to select stock that you will need for this coming season. With the large quantities of Bulbs, Azaleas, Lilies and other Stock that we import, our source of supply has been the most reliable houses, and coming through in carload quantities, we are in a position to make you as early delivery as crop conditions will permit.

The varieties we list are about the best in their respective colors, and these are all hand picked, selected Bulbs, and will give you exceptionally large blossoms.

PINK AND RED VARIETIES.

- Garribaldi, brilliant carmine; forces very early and easily.
- Gertrude, light pink, well shaped compact spike; forces easily from the first week of January.
- Gigantea, blush pink; large broad spike; much wanted for its usefulness as a pot plant and for bedding.
- Lord Macaulay, bright rose carmine.
- Moreno, deep rosy pink; large broad spike.
- Robert Steiger, clear deep red; very good spike of small bells.
- Roi des Belges, bright scarlet; well formed compact truss of medium size bells.
- Rosea Maxima, delicate rose, very long spike; late.

WHITE HYACINTHS.

- Alba Superbissima, pure white; good truss.
- Baroness von Tuyl, pure white, large truss; small bells. A very good forcing variety and splendid for bedding.
- La Grandesse, intense snow white, very large well shaped spike on long, strong stem.
- L'Innocence, pure white, broad loose spike of elegant form, very large well shaped bells, early and excellent for forcing, and good bedder.
- Madame van der Hoop, almost pure white, and if forced, pure white; fine compact spike on short stem.
- Madame Kruger, pure white, large bells and very large spike; excellent for early forcing.

LIGHT AND DARK BLUE.

- Charles Dickens, dark porcelain blue, with lilac tinge; large truss.
- Czar Peter, light porcelain blue, with lavender shade.
- Grand Lilas, light lilac blue; large spike and large bells; forces very easily.
- Grand Maitre, fine deep porcelain blue.
- King of the Blues, deep glossy blue; splendid well formed large spike, on short stem.

EMPEROR.

These two varieties of Single Narcissus, Emperor and Empress, are profitable to grow.

EMPRESS.

Spanish Iris

This fine Orchid shaped flower is now forced in large quantities throughout the eastern markets. Its low price for the Bulbs and the excellent sale of the flowers at good prices makes this a good investment. Don't freeze them, start them slowly in a cool temperature. Give plenty of light. Do not try to force these early. They also do fine for outdoor planting.

THE BEST FORCING VARIETIES ARE

British Queen, pure white.
 Blanche Superbe, pure white.
 Cajanus, primrose yellow.
 Chrysolora, canary yellow.
 Darling, deep blue.
 Louise, pale pearl blue.
 Belle Chamoise, buttercup yellow.

THE ABOVE, IN SEPARATE VARIETIES.

Per 100..... \$.55 Per 1000..... \$5.00

A FIELD OF PURITY FREESIAS.

Purity Freesias

There is a big demand for Purity Freesias now, as they are far superior to any other variety. They are pure white and the size Bulbs we list will give you stems from 12 to 15 inches long very easily, and which contain a mass of flowers. It will pay you to grow some of these as they come in in January and February when other flowers are scarce, and as they take up very little space in your greenhouse, they are a very profitable crop.

BABY GLADIOLUS.

Baby Gladiolus

A MONEY MAKING CATCH CROP. We are listing only the two best paying and forcing varieties.

Planted with the Carnations or along the edges of the benches they will come in just when you need them most, and as they take up no extra room you are that much extra money ahead. Try them.

These arrive in October and can be planted immediately, and they will flower during April and May.
